Every March, the National Association of Councils on Developmental Disabilities (NACDD) and its partners collaborate to lead [Developmental Disabilities Awareness Month](#) (DDAM). The annual campaign highlights how people with and without disabilities come together to form strong communities. DDAM raises awareness of the inclusion and contributions of people with developmental disabilities (DD) in all aspects of community life and serves as a time to explore the work still needed to remove barriers.

NACDD's 2024 theme, *A World of Opportunities*, focuses on people working together to remove obstacles to building communities where everyone can do well and succeed. This year's [DDAM poster](#) features artwork by [Lee Waters](#).
